

## RYE RESCUES **Gotcha Day**

All you need is love; just ask the Lunstead family, who waited nearly two months for their Black Lab rescue, Darby, to be transported north. When the big day finally arrived Darby was greeted by his new family, who were bursting with love, toys, and treats.

Hats off to the wonderful Lunstead family for giving this precious pup a home. If you would like to rescue a Labrador, consider checking out [Labs4Rescue.com](http://Labs4Rescue.com). Please also share your rescue stories with us at [RyeRescues@gmail.com](mailto:RyeRescues@gmail.com).

► Darby sees her family — and snow! — for the first time when she gets off transport.

Not everyone in the family was 100 percent positive about the latest addition...

Darby's a Retriever, but can she retrieve?

Ryan and Emma show Darby her new neighborhood.

She can indeed.  
Darby's a natural.

Emma and Darby  
share a hug.

And the Lunsteads show  
Darby nothing but love.  
What a lucky dog!
