Dear Donna,

Dogs have always held an honored place in our household, so I was touched to read about your work on behalf of Labs4Rescue.

I commend you on your devotion to rescuing Labs and Lab mixes, on providing them with a foster home while permanent homes are being sought.

I sincerely hope that the feature article in the *Bulletin* will encourage residents to learn more about the work of Labs4Rescue and the need for adoptive homes. More importantly, I hope that they will choose to adopt one of these wonderful dogs.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Crisco".
