

Hello!

Sugar (her original and remaining name) came to us from TN in March 2004. What a joy she has been from the moment she came off the truck!

Enclosed is a picture of her taken just a month ago in her favorite position - leaning against the seat in our car. Don't let her "regal pose" (as we call it) fool you... she is very silly and outgoing and obviously quite adorable!

We take her everywhere possible and wear our Lubs4Rescue t-shirts often to help generate interest. It is our hope to adopt a "sibling" for her in the next year or so once our home life settles down a bit more.

Thank you for all of your hard work. Please know that our story is one of "happily ever after..." 😊 Dawn + John Pelazza

JK

Love,  
Sugar + Family
