

Independent Day School Class Makes Halloween Treats For Animals

School Stuff

Submitted by Julia Kleederman on 2009-11-09.

Kathy Meyering's first-grade class at the Independent Day School in Middlefield celebrated Halloween differently this year. In addition to receiving sweet treats at their class Halloween party, the first-graders made treats for animals as part of a curriculum unit.

The class also collected dog treats to be donated to Labs4Rescue, a nonprofit organization dedicated to providing a new life for rescued or displaced Labrador retrievers and Labrador mixes based out of Killingworth.

The treats will go to foster homes for dogs waiting for permanent adoption.

This lesson at the IDS was a perfect way to connect class lessons with life outside of the classroom.
